

HELIX-003-helixqa-stagnation-on-desktop-device-did-not-react-to-8-consecutive-actions

HelixQA stagnation on desktop — device did not react to 8 consecutive actions

Screen hash was identical across maxConsecutiveUnchanged curiosity steps. Either ADB commands are silently failing (e.g., `cmd input` returning 'No shell command implementation.' on Android 9) or the app is frozen. See FIX-QA-2026-04-21-017/018.
